

# Shillington Lower School

## Sports Newsletter

A hugely successful term of sport at Shillington.

Some children from year 2 took part in the Redborne Sports Partnership multi-skills morning and came runners up, our highest place ever at a festival. Well done.

Our sports leaders were trained in running their own multi-sports festival and year 2 were lucky enough to take part. All the sports leaders were excellent role models for the younger children.

All the children in the school have taken part in cricket coaching from the Chance to Shine project. They all thoroughly enjoyed it and learnt lots of new skills.

Year 2,3 and 4 have had some excellent coaching in the swimming pool and improved their techniques.

Thank you to those that attended our sports afternoon and to the PTFA for their support. The children really enjoyed it!

**A huge thank you to you all for collecting Sainsbury's school vouchers again this year, with a record number of vouchers the children look forward to using all the new equipment.**

### British Heart Foundation Skipathon

All of our children enjoyed our skipathon for the British Heart Foundation.

We raised £404 and of this 20% is kept for the school.

Have a fantastic summer, we look forward to more sporting fun next year.

Don't forget to encourage your child to engage in 60 minutes a day of physical activity. Talk to your child about the benefits of an active lifestyle. Discuss healthy food choices. Enjoy activities like walking in the woods together with your child. Have fun being active.

Remember you can access our cyber coach page at home too, enjoy with the whole family.
